

Infrastructure at EDI

भारतीय उद्यमिता विकास संस्थान
ENTREPRENEURSHIP DEVELOPMENT INSTITUTE OF INDIA

Citation of the Award Master Jury

This innovative programme in education and training in entrepreneurship is housed in an open, congenial campus. The fruitful collaboration between the Director of the institute and the architect produced a fine example of a low-cost, low-maintenance building which promises easy replicability. The architect is commended for his confident use of formal elements growing out of the Indo-Islamic architectural heritage. A series of geometrically structured courtyards and loggias are the primary organising framework. The variation of open, closed and transitional spaces provides light and shade, and creates an inviting environment for work, interaction and repose.

The Aga Khan Award for Architecture - 1992

**"We shape our buildings;
thereafter they shape us."
- Winston Churchill**

EDI, as the Entrepreneurship Development Institute of India, Ahmedabad is popularly known as, is well known for its entrepreneurship training, education, research and institution building initiatives. However, what the Institute is also characterized with, is a lively and spirited ambience across the 23 acres that the Institute covers. The spectacular buildings on campus, sport the elegant and modern trend of exposed brick construction. The design is such that it appeals to the conventional and the contemporary alike. No wonder, EDI has been awarded with the prestigious 'Aga Khan Award for Architecture'. The Award Jury adjudged it to be a place with an 'inviting environment for work interaction and repose.'

Located at a distance of about five kilometers from Ahmedabad Airport, this aesthetically designed campus, amidst verdant surroundings, gets trademarked as an engaging, alluring and a mesmerizing place for teaching, learning, personal and professional growth. Beautifully maintained and technologically a trend setter, the EDI campus reinforces a learner-centric environment. While the building and their facilities promote learning in a soothing environment, the green sprawling lawns, tall trees and the unique flora offer a perfect setting of formal and informal interactions.

Facilities on Campus

A look at the EDI's facilities which include classrooms, auditorium, conference hall, hostels, canteens and sports grounds will certainly evoke admiration and approval for the think tanks behind this cutting-edge establishment.

Dining Halls

- 3 air conditioned with total capacity of 130
- 1 Non air conditioned (Aahar) with a capacity of 208

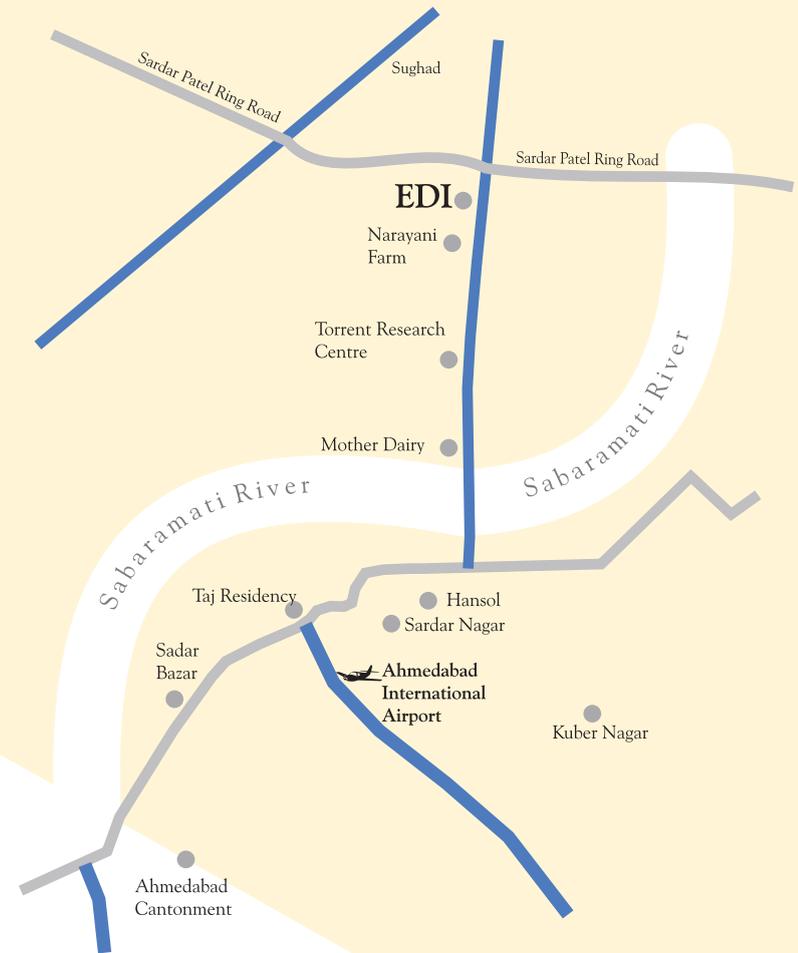

Sports Facilities

Campus Location

Ahmedabad

Ahmedabad is the largest city in the state of Gujarat and one of the largest urban agglomerations in India. Located on the banks of the River Sabarmati, the city is the administrative centre of Ahmedabad district and was the capital of Gujarat from 1960 to 1970; the capital was shifted to Gandhinagar thereafter. In colloquial Gujarati, it is commonly called Amdavad. Ahmedabad was founded in 1411 by Sultan Ahmed Shah to serve as the capital of the Sultanate of Gujarat. The city is named after its founder. The city established itself as the home of a booming textile industry, which earned it the nickname "the Manchester of the East." A rising centre of education, information technology and scientific industries, Ahmedabad remains the cultural and commercial heart of Gujarat and much of western India.
